Warrant for the 1948 Town Meeting

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Milton in the County of Strafford, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the ninth day of March, next, at ten of the clock in the forenoon, with polls not closing before six of the clock in the afternoon, to act on the following subjects:

1. To bring in your ballots for Town Officers.
2. To determine the salaries, wages, and other compensation and allowances for all persons serving the Town, and pass any other vote or votes relative thereto.
3. To see if the Town will vote to raise and appropriate a sum of money not to exceed six thousand five hundred dollars (\$6,500.00) for repair of highways and bridges.
4. To see if the Town will vote to raise and appropriate a sum of money not to exceed seven thousand five hundred dollars (\$7,500.00) for winter maintenance.
5. To see if the Town will vote to raise and appropriate a sum of money not to exceed seven hundred and fifty dollars (\$750.00) for the continuance of the black road on Nute's Ridge.
6. To see if the Town will vote to raise and appropriate a sum of money not to exceed one thousand dollars (\$1,000.00) to be used in spreading gravel on Goodwin Road in West Milton. (Petition of Henry Johnson and twenty-eight citizens.)

7. To see if the Town will vote to close the "Sam Plummer Road."

8. To see if the Town will vote to raise and appropriate a sum of money not to exceed two thousand five hundred dollars (\$2,500.00) for street lights.

9. To see if the Town will vote to raise and appropriate a sum of money not to exceed nine thousand five hundred dollars (\$9,500.00) to pay Town charges and expenses and pass any other vote or votes relative thereto.

10. To see what sum of money the Town will vote to raise and appropriate for Parks and Playgrounds, and pass any other vote or votes relative thereto.

11. To see if the Town will vote to establish a Park and Playgrounds Commission.

12. To see if the Town will vote to raise and appropriate a sum of money not to exceed five hundred dollars (\$500.00) for the maintenance of hydrants in Milton Fire Precinct.

13. To see if the Town will vote to raise and appropriate a sum of money not to exceed two hundred dollars (\$200.00) for Memorial Day.

14. To see if the Town will vote to raise and appropriate a sum of money not to exceed two hundred dollars (\$200.00) for the Milton Mills Free Public Library, in addition to the amount allowed by law.

15. To see if the Town will vote to raise and appropriate a sum of money not to exceed four hundred dollars (\$400.00) for the control of White Pine Blister Rust. (Request of the State Forestry Department.)

16. To see what action the Town will take in regard to having one road commissioner to replace the three road agents.

17. To see if the Town will vote to raise and appropriate a sum of money not to exceed one hundred dollars (\$100.00) to assist with the improvement of the Silver Street Cemetery.

18. To see if the Town will authorize the Selectmen to hire on notes of the Town a sum of money necessary to pay current expenses in anticipation of taxes of 1948, and pass any other vote or votes relative thereto.

19. To see if the Town will vote to raise and appropriate a sum of money not to exceed one thousand dollars (\$1,000.00) for the Fire Department, and pass any other vote or votes relative thereto.

20. To see if the Town will vote to raise and appropriate a sum of money not to exceed seven hundred and fifty (\$750.00) for fire equipment at Milton Village.

21. To see if the Town will vote to raise and appropriate a sum of money not to exceed three hundred dollars (\$300.00) for the maintenance of the fire engine in Milton Mills.

22. To see what sum of money the Town will vote to pay the first and second Engineers and Firemen in addition to the amount allowed by law; to see how much per hour the Town will vote to pay Engineers and Firemen while fighting fires and pass any other vote or votes relative thereto.

23. To see if the Town will vote to raise and appropriate the sum of twenty-seven dollars (\$27.00), which is $\frac{1}{100}$ of 1% of the assessed valuation of the Town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town, in cooperation with other towns in the Lakes Region. (Request of the Lakes Region Association.)

24. To see if the Town will authorize the Selectmen to dispose of tax acquired property.

25. To see if the Town will vote to instruct the representative to petition the Legislature to change the name of Milton Three Ponds to Tri-Echo Lake.

26. To see if the Town will vote to raise and appropriate the sum of two thousand four hundred and fifty-seven dollars (\$2,457.00) for the construction of the New Bridge Road, and pass any other votes relative thereto. (The State of New Hampshire to contribute \$2,457.00.)

27. To see if the Town will vote to raise and appropriate the sum of three thousand five hundred dollars (\$3,500.00), which is the deficit of last year caused by the fire emergency.

28. To transact any other business that may legally come before this meeting.

RALPH W. PUGH,
ROBERT P. LASKEY,
JOHN G. GILMAN,

Selectmen of Milton.

A true copy—Attest:

January 1, 1948.

Auditors' Report

Milton, N. H., February 4, 1948.

We certify that we have examined the books and accounts of the Tax Collector, Town Clerk, Town Treasurer, Selectmen, Trustees of the Trust Funds, and find them correct to the best of our knowledge and belief.

CHARLES E. PIPER,
BARD B. PLUMMER,

Auditors.

Annual Report of Milton Fire Precinct

*To the Inhabitants of Milton Fire District in the Town
of Milton qualified to vote in district affairs:*

You are hereby notified to meet at Engine House Hall in said district on Saturday, the 13th day of March, 1947, at seven thirty o'clock in the afternoon to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose one Commissioner for three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To raise and appropriate a sum of money not to exceed \$1,500.00 to pay for the retirement of serial bonds and to pass any other vote or votes relative thereto.

Article 6. To see what sum of money the District will raise for general maintenance, improvements or extension of the system.

Article 7. To see if the District will vote to authorize its Commissioners to borrow such sums of money as may be necessary to pay the debts of the District and give notes of the District therefor.

Article 8. To transact any other business that may legally come before this meeting.

Given under our hands and seal at said Milton
this 25th day of February, 1948.

Commissioners.

Report of the Commissioners of the Milton Fire Precinct

Your Commissioners submit the following report for the year of 1947.

At the close of the year we had no difficulties except of minor nature, in spite of the extremely dry fall and the low water in the lake. Our wells dropped to 9 feet 6 inches below ground level which was 2 feet 6 inches lower than they had ever been, however we still had about 15 feet of water in them which we felt was plenty for our needs.

We installed one new service at Seavey's Store, put a new roof on the north side of the Precinct Bldg., and on a 50-50 basis with the Fire Dept. built a new entrance and platform to sidewalk.

A new vacuum pump has been ordered for the station, also about 700 feet of 6 inch cast iron pipe to extend the main northerly along Route 16 to the home of Ralph Williams, as voted at Precinct Meeting.

Respectfully submitted,

SAMUEL G. BLAISDELL,
STANLEY C. TANNER,
FRANK E. McINTIRE,

Commissioners.

Financial Report of the Milton Fire Precinct

Fiscal Year Ended December 31, 1947

January 1, 1948.

Report of the Milton Fire Department

The department was very fortunate in the past year with very few fires. We had only one fire where buildings were involved. The fire scare of October cost the Town of Milton about five thousand dollars; part of this will be returned to the town from the state. We could have billed Rochester and Farmington for the remainder of the bill, but felt it was better to have the assurance of help from both these fire departments without cost to the town plus the good-will and cooperation of their citizens as well. The Town of Milton covers approximately sixteen square miles. About two-thirds of this is now slash land and with any ordinary summer there is bound to be brush fires; and once any fire gets out of control in the west end of town where the slash is heaviest we will need all the help we can get from both Farmington and Rochester. So I believe the cost of the fire this fall was good insurance for the town against fires of this sort. Two more portable pumps were purchased last fall and we need a good supply of one and one-half inch hose. Hose costs \$1.35 per foot at the present time. I have asked for seven hundred and fifty dollars to go toward the purchase of new hose and at the present price we won't be able to get all that we need. The rest of our equipment is in fairly good shape and we should be able to get by without too much expense this coming year. I want to thank those who have helped us in the past year, especially the Red Cross during the emergency.

Respectfully submitted,

HERBERT A. DOWNS,

Chief.

Report of the Commissioners of the Milton Mills Fire District

During the fire emergency of October 22 to 28, the Commissioners contracted for the purchase of a Hale portable pump. This was ultimately paid for by the Town of Milton. Mrs. Agnes Hayes headed a drive to raise funds for the purchase of hose and equipment to use with this portable, and by her efforts and the efforts of her aids, the sum of \$512.87 was realized. The Commissioners desire to express their appreciation to her and all who contributed by their efforts and cash contributions to this fund.

This portable will enable to fire department to offer a new service to residents. It may be used to pump out wells and cellars. Use of pump will be free to residents, with a nominal charge being made for the time of the men operating it. Call one of the Commissioners, or an officer of the fire department, to arrange for this service.

The following budget is recommended for the year ending January 1, 1949.

Salaries to January 1, 1949,	\$450 00
Operating expenses,	90 00
Telephone,	30 00
Insurance on truck,	43 00
Insurance on men,	55 00
Electric bill,	12 00
Treasurer's expenses,	5 00
New equipment,	150 00
	<hr/>
	\$835 00

R. P. LASKEY,
E. R. STONE,
WILLIAM J. MADDEN,
Commissioners.

Warrant of the Milton Mills Fire District

OFFICERS

Commissioners

Robert J. Laskey

E. R. Stone

William J. Madden

Clerk

Damon Pike

Treasurer

Robert Page

Moderator

Halton Hayes

To the Inhabitants of the Milton Mills Fire District in the Town of Milton, qualified to vote in District affairs:

You are hereby notified to meet in the office of the Miltonia Mills in the said District on Saturday, March 13, 1948, at eight o'clock in the afternoon to act on the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Commissioner for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To see what sum of money the District will vote to pay the chief, the first and second engineers, and the firemen in addition to the amount allowed by law; to see how much an hour the District will pay the chief, the engineers and the firemen while fighting fires, and to pass any other vote or votes relative thereto.

Article 6. To see if the District will vote to raise and appropriate a sum of money not to exceed \$835.00 to pay the firemen's salaries, operating expenses and insurance for the ensuing year to January 1, 1949, and to pass any other vote or votes relative thereto.

Article 7. To see if the District will vote to raise and appropriate, if necessary, a sum of money not to exceed \$1,000.00 to provide for additional fire protection; and authorize the Commissioners to borrow the same on notes of the District, and to pass any other vote or votes relative thereto.

Article 8. To see if the District will vote to raise and appropriate the sum of \$81.75 to pay the firemen for fighting fires in the Newfield and Balch Pond areas in October, 1947.

Article 9. To see what sum of money the District will vote to raise and appropriate for the purchase of a chassis and water tank for use in conjunction with the portable pump and hose recently acquired by the District, and to authorize the commissioners to borrow the same on notes of the said District.

Article 10. To transact any other business that may legally come before the meeting.

Given under our hand and seal at Milton Mills this 18th day of February, 1948.

R. J. LASKEY,
E. R. STONE,
W. J. MADDEN,
Commissioners.

Report of the Milton Mills Fire Chief

To the Commissioners and Voters of the Milton Mills

Fire District:

The following fires occurred and calls answered by the Milton Mills Fire District from January 1, 1947, through and including December 31, 1947.

- 2 brush fires
- 1 house fire
- 1 car fire
- 3 chimney fires

The department answered the following calls for fires in Acton, Maine:

- 1 brush fire
- 5 chimney fires
- 1 truck fire
- 1 lightning fire
- 2 building fires

Loss on building and equipment unknown.

The department answered the following calls during the fire disaster period:

- 1 call to West Newfield
- 2 calls to Balch Pond Dam
- 2 calls to Province Lake
- 1 call to Rochester

The department has purchased a new portable pump which may be used to pump out wells and cellars if the people of the district wish to use said pump. Just contact the chief and we'll do what is possible.

(Note) This equipment was purchased by the town during the fire emergency.

LEON CLOUGH,
Chief.

Report of Superintendent of Schools

To the School Board and Citizens of Milton:

I am pleased to present my first annual report as Superintendent of your schools. Since I have been Superintendent in Milton only since September 1, 1947, the report will deal largely with the present school year with some of the usual statistics for the school year 1946-1947.

An attempt has been made to present pertinent information in the following areas:

Enrollment, Teachers, Physical facilities, Books, other teaching aids and testing, Health and Music.

Enrollment

Schools opened on September 4, 1947, with a total enrollment of 251 in grades one to eight; of this number, there are 23 tuition pupils from Lebanon, Me. Division of pupils by schools and grades is shown in tabular form later in the report.

Because of the large enrollment it was necessary to continue the use of the library in the Nute High School building for the eighth grade pupils. This seems to be the logical group to assign to the high school building as it gives those pupils an opportunity to become accustomed to some association with the high school pupils with whom they will attend school next year.

The Nute Ridge School, with a total enrollment of fourteen children in grades 1, 2, 3, 6 and 7, has seven children in the seventh grade. As these seven children are transported to the village school next year for the eighth grade, it would seem that the other

seven Nute Ridge children might more effectively be transported to the grammar school than to continue to educate them at the one-room Nute Ridge School. The comparative low enrollment at Milton Mills helps to compensate for the disadvantages of there being four grades in each room rather than the desired one grade per room. Because of the geographical location of four families, it has seemed advisable to pay tuition for four children to Farmington, three to Union and two to Wakefield rather than to pay the additional transportation charges which would be necessary in transporting those children to Milton schools.

Teachers

It was necessary during the past summer to secure only one new teacher for the current year. Mrs. Julin of West Milton was engaged to replace Miss Vesta Fenderson in the first grade. Mrs. Julin had taught primary grades for five years in Lexington, Mass., before returning to the classroom last September after several years' absence. She has shown much progress in renewing her techniques at handling a group of twenty-one first grade children.

It is heartening to note that 100 per cent of all Milton teachers have joined the New Hampshire State Teachers' Association and the National Education Association for the current year. Even though the financial obligations are not great, it indicates excellent professional attitudes and allows each individual to profit by the professional publications which they receive. Contrary to some beliefs, these organizations exist for the ultimate benefits of the children and not for personal gain of the teachers.

Each teacher works untiringly for the benefits of the children in her group. The discipline and progress of the children appears to be generally very satisfactory.

Physical Facilities

Increased appropriations for the current year have made possible many much needed improvements in and around the buildings. Some of the more important improvements include: 1. New lighting: Because of the great need at Milton Mills, the school board purchased early in school year, chain lighting fixtures with sixteen-inch globes and had them installed immediately in both rooms. At the grammar school, several months were spent in making a detailed study of various recommendations and types of fixtures to install. This resulted in the installation of fluorescent strip-lighting with the use of Grenadier Fixtures, as recommended by the General Electric Co., in all of the classrooms. Lights previously used in the classrooms were transferred to use in the corridors, teachers' room and basement rooms. It is anticipated that the eye-strain which will be eliminated by these new lights will be of undeterminable value for years to come. Where the number of foot-candles of light on the pupils' desks was generally less than ten on a cloudy day with all lights turned on, the light meter now registered around thirty-five. Authorities agree that there should be over twenty-five foot candles for greatest efficiency for ordinary school work. As is so often the case in changing a system of lighting, it was found that the electric entrance into the building and the switch and fuse boxes were entirely inadequate for the present set-up. These were renewed and rearranged, and electric outlets were provided in each classroom; there had been none before.

2. Desks: All desks were mounted on skids so that they may be moved when necessary and many desks were hand-sanded during the past spring and summer. There is still need for more sanding of desks by the use of a power sander in order that old deep marks may be removed.

3. **Floors:** During the past summer the floors in three classrooms, the teachers' room and halls in the grammar school were sanded and waxed by the janitor, Alfred Moody. This improvement not only adds to the general appearance of the rooms but also makes for more sanitary conditions and for better lighting. It is difficult to have the best lighting effects in a room with floors as dark as they were.

Mr. Moody makes minor repairs when necessary as well as to carry on his other usual duties in an excellent manner.

4. A swing-slide-teeter board combination has been ordered for the Milton Mills schools and outdoor basketball frames and backboards have been provided for the children of that school. Volleyballs and nets, playground balls, footballs and a badminton set were purchased for the children in September.

New fire extinguishers have been ordered for installation in the furnace rooms in case of an oil-fire at the Milton Mills or grammar schools.

Although lunch and moving picture programs are carried on, as described later in this report, facilities are entirely inadequate. Ventilation is very poor in the cement basement rooms, a fire hazard exists in case of a boiler explosion and there is a definite lack of room. These facilities should certainly be kept in mind when considering the need for the addition to the building—plans for which have already been prepared from Federal Funds.

The superintendent has recommended the following improvements at the Nute High School building: (1) a fire protective covering next to the woodwork over the furnace to lessen the possibility of fire originating from the furnace; (2) a bulkhead type exit from the home economics room which might be blocked

off in case of fire at the present time; (3) an annual physical examination of each pupil with follow-up work by a school nurse. At the present time, lack of hearing, poor eyes and/or other defects might go unnoticed during the whole high school period.

Books, Other Teaching Aids and Testing

Over a period of years the textbooks in the Milton elementary schools had become unusually outdated and dilapidated. During the past year practically a whole new series of music and science books were provided and an attempt is being made to replenish other sets of worn out books with new modern texts; a continuation of this program next year should result in the Milton children having access to as good books as are available anywhere in the country. The basic reading system is being unified so that there will be the necessary continuity of properly graded books from one grade to the next. Two new globes have been provided to replace antiquated ones that had outlasted their usefulness, a new ditto machine was purchased for the grammar school and a good used duplicator was transferred to Milton Mills. Instruction at all schools has followed the general program and grade levels as recommended by the State Department of Education and has been generally very satisfactory.

The acquisition of a Victor 16mm Sound moving picture machine has already proven to be of much value from both an education and an enjoyment standpoint. The machine is used quite regularly in the basement of the grammar school and will be used even more after dark-out shades, which have been ordered, have been installed over the windows of the Nute High School auditorium. The windows of the uppergrade room at Milton Mills have been equipped with dark-out shades so that the projector may be used at that school. Many

excellent films are available for little or no cost except for transportation charges.

The radio has been used considerably throughout the upper grades to supplement regular school work by taking advantage of the "Listen and Learn" programs as broadcast over station WBZ and WBZA. Mrs. Tuttle is to be commended for seeing that such facilities are utilized.

More than fifty Milton boys and girls had the opportunity of inspecting the contents of the Freedom Train at Dover on October 23, 1947.

During the National Education Week, "Open House" at the grammar school provided an opportunity for 108 visitors to observe the teaching or regular classes.

Standardized Mental Ability and Achievement tests have been or are to be administered to all pupils above grade 3. Results of these tests provide a better opportunity for the teachers to teach more in accordance with the ability of the pupils and to know of their general achievement as compared with large numbers of pupils in comparable grades throughout the country.

Health

General health examinations are carried on effectively under the direction and guidance of the School and Community Nurse, Mrs. Esther Poland. The superintendent heartily agrees with her recommendations for medical examinations and physical education as mentioned in her report which follows.

The Federally aided Type A School Lunch Program has been in operation since November 3, 1947, under the excellent direction of Mrs. Ellen Tuttle. Mrs. Ruth Dore has prepared the complete meals with the

assistance of Mr. Moody. All teachers have shown excellent cooperation in assisting in the serving and management of the children. Through the financial help of the local Red Cross and other local organizations and assistance from the Federal Government, it has been possible to serve an average of 108 pupils with at least two ounces of a high protein food, one-half pint of milk, and bread and dessert each noon at a cost to each pupil of only fifteen cents. Donation of food this year through the Government Marketing Administration has consisted of three bushels of sweet potatoes, 800 pounds white potatoes, nine cases tomato juice, five cases dried milk, and fifteen cases of orange juice; shipments of dried eggs and dried fruit are anticipated. Many donations from local sources have been appreciated. There is need for a larger and more modern range and more cooking equipment in the kitchen.

The skating rink, built and flooded by the town authorities, has been of much value to the children and has provided much pleasure during noons, recesses and after school.

Basketball has provided an opportunity for seventh and eighth grade pupils to receive training and enjoyment in that sport under the direction and supervision of Doris and Leslie Chase and James Regan. A few games between the pupils within those grades and with pupils of similar ages in nearby schools provides valuable experience for the pupils.

Music

The Milton children are having the advantages this year of regular music instruction. Mrs. Phyllis Boak was employed by the School Board to work with the teachers and children one day each week in teaching music fundamentals and appreciation. An excellent

Christmas program was presented before a large and appreciative audience. Mrs. Boak was also employed by the Trustees of the Nute High School to work one day each week at that school. A report of Mrs. Boak's work states that the aim of music in the schools is: "A love of good music on the part of the child, accomplished through (1) voice culture taught by imitation and suggestion; (2) interpretation; (3) music reading, taught by pedagogical arrangements of the principles of time and tune; (4) music appreciation through listening; (5) moving to music through rhythmic games and dances, folk dances and (6) instrumental participation. Extra activities with which music groups were involved included National Education Week demonstration, Christmas pageant, High School Glee Club, Quartet and solos at Rochester Grange and the Parent-Teacher Association Reception.

The Milton Parent-Teacher Association is attempting to work effectively to the advantage of the children. There is no organization which can better coordinate the interests and efforts of the parents and teachers toward their mutual objective.

The School Board, working directly with the elementary schools and the Trustees of the Nute High School, have been alert to act for the betterment of those schools. It has been a pleasure to work with these groups as well as with the teachers and pupils during the past five months.

In conclusion, I wish to thank all connected with the work of the schools for their whole-hearted cooperation.

Respectfully submitted,

JONATHAN A. OSGOOD,

Superintendent of Schools.

Report of School Nurse

1. During the months of April, May, and June, 1947, Toxoid Clinics were held at the Milton Grammar School for the immunization of the pre-school and first grade child. Miss Wait, of the State Department, brought equipment and assisted Dr. Sharkey who administered the toxoid.

Number who received the diphtheria, whooping-cough, tetanus serum,	25
Number who received the diphtheria serum, T. B. Clinic in Rochester	18
Number of children examined by Dr. Kerr,	6

In December, 1947, a sum of money was given by the local Red Cross Association with which to purchase luncheons for undernourished children. The amount was sufficient to care for sixteen children for the entire program.

2. I feel the School Lunch Program has been very successful in the Milton Schools. I believe this because the year 1946-47 showed absenteeism greatly reduced over the preceding year, and the teachers found the children more alert in their daily work. The "May-June" check-up confirmed this belief when it showed very satisfactory increases in the weight and height of the children. Gains in weight of from five to ten pounds and gains in height from one to two inches were noted.

3. I recommend a nutrition program for all grades and a hygiene and physiology program for the upper grammar grades.

If our children are to be strong in body and mind and keep well they must be properly nourished. This means the eating of well balanced meals and the drink-

ing of one quart of milk per day. In order for children to intelligently form the habit of eating such meals they must be taught the composition of foods and the part each plays in the building and repairing of bodily tissues.

I also recommend some form of physical education which will improve the very poor posture of many of the children in the Milton schools. I believe the showing of films on hygiene and health for the school child would be of much value, too.

Respectfully submitted,

E. T. POLAND, R. N.

Report of the Headmaster of Nute High School

To the Superintendent of Schools and the Board of Trustees of Nute High School:

I hereby submit the annual report of Nute High School which opened its fifty-seventh year on September 4, 1947, with an enrollment of eighty pupils divided as follows: Seniors, 15; Juniors, 15; Sophomores, 12; Freshmen, 38. The entering class this year was the largest for several years. Of those registered twenty-nine were tuition pupils divided as follows: Sanbornville, 11; Middleton, 3; Union, 5; Acton, Maine, 4; and Lebanon, Maine, 6.

The re-opening of school found the Milton schools under the supervision of a new superintendent, Mr. Jonathan A. Osgood, who is very helpful and cooperative.

Music was made possible this year through the appointment of Mrs. Phyllis I. Boak as supervisor in the schools of Milton. About fifty pupils avail themselves of her excellent instruction.

The shop classes have gained practical experience in carpentry by spending some class periods assisting in various types of construction projects. One of these was the framing and boarding of a large hen house at the home of one of the members of the class. With the conversion of the boiler from coal to oil, the space taken up by the coal bin has again become a part of the shop area, which was much needed with a large freshman class in cabinet making. Some government surplus property has been received by the school, the only cost to the school being that for transportation and crating when the latter was necessary. Some much

needed benches for the wood working class were thus obtained. Some shades and new type bulbs have helped the lighting in the shop.

In October the telephone company had a crew cutting down trees and brush along a right-of-way through the school woods. Since some of the trees cut were suitable for lumber, they were salvaged and as such are now drying for later use by the school.

The hot lunches started this year in November and will continue until the April vacation. The Foods and Nutrition class thus get practical experience in food preparation.

A Rex-O-Graph liquid duplicator has been added this year to the school's equipment. This duplicating device has proven very satisfactory and is invaluable for the time it saves in providing the many individual copies of outlines and forms that aid in teaching. The office practice group get practical experience in its operation, because liquid duplicators are becoming more and more common in commercial institutions.

Practically no major repairs were made this year to the building, but there are some that should be made as soon as possible. More lighting units should be added in the classrooms. The ceiling of the main room on the first floor has shown the effects of the continued use of the auditorium for basketball games and dancing. The auditorium was closed to gatherings during school hours early in the fall until temporary repairs were made. Since then this ceiling has become steadily worse, and as this is written plans have been made to have it replaced during the February vacation.

Superintendent Osgood has been authorized to provide shades for the auditorium that it may be suitably darkened for the use of the sound movie projector which was purchased by the Milton School Board dur-

ing the summer. This projector is shared by Nute High School and is much appreciated.

A full-time Home Economics teacher should be obtained if the department is to be successfully continued. Also, some provision should be made to have the hot lunch program separated from the Home Economics department and conducted by some extra paid person, thus taking the burden of the lunch program, other than its possible supervision, from the Home Economics teacher.

I wish to thank the Superintendent, Board of Trustees, teaching staff and pupils for their continued cooperation and support.

Respectfully submitted,

ELLIOT W. BURBANK,

Headmaster.

TOWN BEACH REPORT

To the Board of Selectmen and the Citizens of Milton:

I would like to submit to you my third annual report of the Milton Recreation Area.

Once again I would like to express my appreciation for the fine cooperation extended me by the Board of Selectmen and the fine people of Milton. To Mr. and Mrs. Charles Whitehouse I'd like to express my thanks for their continual help and use of their property, tools and equipment.

The raft constructed last year was given two coats of paint and made anti-slippery. The tables were painted and repaired. A new diving board was purchased and installed on the raft. A new swing was set up. The entire area was given a thorough cleaning at the beginning of the year and was kept clean during the entire summer.

Two bath houses were moved from the old Bowering Beach and set up on cement blocks near the old toilets by members of the Teneriffe Sports Club. These bath houses were so abused by the public that it was necessary from a health standpoint to board them up.

The morning swimming classes were attended by a much larger group this year than ever before. Swimming and life saving classes were conducted from 10 A. M. to 12:30 P. M. Mondays through Fridays. The number successfully passed in each group was as follows: forty beginners, eighteen intermediates, thirty-two swimmers, eight junior life savers, two senior life savers and six advanced swimmers. Red Cross certificates were awarded to the members of the Swimming classes and Red Cross emblems and pins to the life savers.

The morning attendance was particularly gratifying as forty-seven hundred children and parents came during the class periods. The afternoon attendance was eighteen thousand three hundred. We had several days when the attendance was between seven hundred and a thousand. The beach is crowded with two hundred people and we had forty days with more than this number in attendance. The total estimated attendance was over twenty-three thousand. The beach is not large enough for this many people and it is far too large for one life guard to handle. Evenings the attendance has been as large if not larger than the daily attendance.

The area has been posted as closed at 9 P. M. and it has been necessary for the police officials to order people to leave many nights after midnight. A group of eight disorderly people were escorted to the Rochester Police Station one morning at 3:00 A. M. The area and beach has become a place where too many wild parties are held. Drinking and night bathing are a poor combination.

I recommend that the entire area be fenced and outsiders be charged a minimum fee for the use of bathing privileges. I don't believe it necessary to raise the tax rate for this project. I believe that in a period of four years or less the paying public will liquidate any loan that may be necessary to cover this expense.

I also recommend that a concession be allowed to operate in the area with an agreement that the town be given a percentage of the profit and the concession be responsible for the maintenance of the bath houses and for picking up paper and bottles left by their customers.

The Milton Recreation Area is a fine place. It needs much done to it and new equipment. The visit-

ing public are willing to share in its development and I think it is time they be allowed to do so.

Respectfully submitted,

JOHN S. HOBSON,

Life Guard and Water Safety
Instructor.
